Concluding this, i present Eclipse's base: Circle of Death 2.0 The Base: Defences Only: Features of the base: Pros: Centralised Clan Castle Mortars are in a perfect square formation Air defences and Wiz Towers are triangulated Well Protected Gold and Dark Elixir No real good place to attack from Cons: Elixir not really protected Defences are bunched up Not good against hogs Not good Funneling.. All the credits go to Eclipse I have not seen a post on it yet so i decided to post this to get this amazing base out to the public.. I hope yall decide to use this base because its worked great for me I'd be glad for any feedback from y'all on the base and would love to change this base to maximize the potential of it..
Video: Introduction: Hello I'm UnKnowNLuke First off, I wanna say that i have no ownership of this base, but only promoting it.
